Business Segments

Consumer Durable Segment

The Net Revenue from this segment (after providing for schemes and discount) in accordance with Ind AS reporting stood at Rs. 628 crores as against Rs. 440 crores during corresponding period of the previous year, registering a robust growth of 43%. The increase in revenue was primarily as a result of increased consumer demand for Lloyd brand in the room AC market arising out of extended summer season which resulted in Lloyd enjoying market share of around 14% and ranking among top 3 to 4 players in Indian Room AC market. The growth was also coupled with the increase in market share in LED TV segment. Segment results stood at Rs. 48.60 crores as against Rs. 37.15 crores during previous year.

OEM & Packaged Air-conditioning Segment

The Segment Revenue and Results was higher at Rs. 275.14 crores and Rs. 22.87 crores respectively as compared to Rs. 210.26 crores and Rs. 11.79 crores during the corresponding quarter of the previous year. This was primarily due to the good air conditioner sales for Lloyd brand which boosted the segmental revenue coupled with substantial growth in the Railway HVAC business.

Heat Exchangers & Components Segment

The Segment Revenue and Results stood at Rs. 141.81 crores and Rs. 19.51 crores respectively as compared to Rs. 146.14 crores and Rs. 17.11 crores during the corresponding quarter of the previous year. This segment caters to the manufacturing of heat exchangers and evaporator's coils for HVAC and refrigeration industry and copper and brass heat exchangers/ radiators for railways, heavy automobiles and other industrial applications. Due to the decline in Aluminium and copper prices on LME, the segment revenue declined marginally whereas the segment results has increased on account of increased margins from engine cooling business.

International Presence

During the quarter under review the total income from the overseas subsidiaries stood at Euro 13.84 Million with Profit after Tax aggregating to Euro 0.20 Million. Following the effort of previous months, Lloyd Coils Europe s.r.o. (LCE) has benefited from profitability improvements achieved by both product cost reduction and selling price adjustments. During the quarter under review, both LCE and Janka Engineering s.r.o. (Janka) had returned to positive profitability with EBITDA at around 5%. Janka
